| **Outcome** | Won |

### Case summary

Nine partners, one deadlock. We negotiated an exit for our two clients at full valuation without dissolving the firm.

### Our approach

We began with a full review of the documents and a frank assessment of risk with the client. Our team then built the case around the strongest facts, prepared every witness, and kept the client informed at each stage.

### Result

Outcome: **Won**. The client received a clear written outcome and guidance on next steps.

This is a hypothetical case study prepared for illustration. Names, courts and facts are fictional and do not describe real proceedings or guarantee any result.
