First Season Funding Dispute

Forum	Arbitration · Hyderabad
Practice area	Startup Law
Outcome	Won

Case summary

A founder was diluted out of his own company. We proved the investor breached the shareholders' agreement and restored his stake.

Our approach

We began with a full review of the documents and a frank assessment of risk with the client. Our team then built the case around the strongest facts, prepared every witness, and kept the client informed at each stage.

Result

Outcome: **Won**. The client received a clear written outcome and guidance on next steps.

This is a hypothetical case study prepared for illustration. Names, courts and facts are fictional and do not describe real proceedings or guarantee any result.
